Listeners can tune in on 855AM, 3CR Digital, stream live, access audio on demand or download podcasts of our shows. 3CR was established in 1976 to provide a voice for those denied access to the mass media, particularly the working class, women, Indigenous people and the many community groups and community issues discriminated against in and by the mass media.

### **About Climate Action Show**

The Climate Action show presents information on climate change, what's happening in community campaigns around the country, as well as the latest science and the solutions available now. Broadcast 5-6pm Mondays, and available on podcast, the program features research, activism and the communities who work to protect our environment.
